

```

1  var a = 10;
2  var b = 20;
3
4  function addNumber(num1,num2){
5      var sum = num1+num2;
6      return sum;
7  }
8
9  var sumResult1 = addNumber(a,b);
10 var sumResult2 = addNumber(4,5);
11 console.log(sumResult1,sumResult2);

```
